Grilled Corn Salad with Lime & Red Chili

- 8 ears of fresh corn, silks removed, husk on, soaked in cold water 30 minutes Canola oil
- Salt and freshly ground black pepper
- 1/4 cup creme fraiche
- 2 limes, juiced and 1 zested
- 1 tablespoons ancho chili powder
- 1/4 cup chopped fresh cilantro leaves
- 1/4 cup grated cotija cheese

Heat grill to high. Grill corn until charred on all sides, 10 or so minutes. Take off the grill and remove the kernels with a sharp knife. While you are cutting the corn, put a cast iron skillet on the grill to heat.

Add the corn and the remaining ingredients to the hot pan and cook, stirring occasionally, until creamy and heated through. Serve with steak.

Our August Message

Staying active out in the sun for too long without breaks can impact your health. Remember to wear sunscreen and stay hydrated. A good way to stay cool while having fun outside is to plan for activities near water.

Green Tips >>

Green Office Furniture

Consider recycling or donating your old furniture if you need to replace them with new furniture.

Refill Ink Cartridges

Getting your cartridges refilled can save you a lot of money, as this usually costs about half the price of a new cartridge.

Using Your Freezer

Freeze leftovers if you won't have the chance to eat them before they go bad.
